

DRUMTRACKERTM
The Complete Cradle to Grave Solution

DrumTracker IITM

Portable Data Terminal

**Program Setup
Manual**

INITIAL SETUP OF DrumTracker II:

You will start in the Main screen:

The screenshot shows a window titled "CSN Main" with a blue header bar. Below the header, there are two buttons: "IPConfig" on the left and "Info" on the right. The main content area contains the following text and elements:

- Welcome to the
Container Services Network's
Container Tracking Program
- Please Log in:
- Login Name:
- Password:
- Go
- Exit

Click on the IPConfig button to open the IP Config screen:

A screenshot of a mobile application dialog box titled "CSN IP Config" with a close button in the top right corner. The dialog box has a light gray background and contains the text "WebServer IP Addresses" in green. Below this text are three input fields labeled "Primary IP", "Secondary IP", and "Local IP". At the bottom of the dialog box are two buttons: "Save" and "Close".

CSN IP Config

WebServer IP Addresses

Primary IP

Secondary IP

Local IP

Save Close

Tap on the first box (Primary IP) and enter the following:

206.117.136.42

Or scan the following: 

Repeat for the second and third boxes.

Verify that all show the correct IP. Correct if needed.

Tap on <Save>

Tap on <Close>

You should return to the Main screen:

CSN Main

IPConfig Info

Welcome to the
Container Services Network's
Container Tracking Program

Please Log in:

Login Name:

Password:

Go Exit

Tap on the Login Name box.

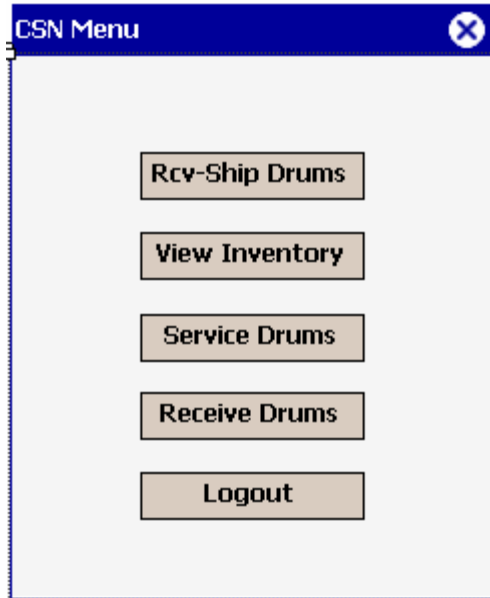

Enter your log in Name (Upper/lower case does NOT matter).

Tap on the Password box.

Enter your Password (Upper and lower case DO matter).

Tap on <Go>

After a few seconds while the databases confirm your identity, you should go to the Menu screen:

You have now confirmed that setup is completed and the PDT is working properly.
